Color the j's orange. j k l j j

Circle the words that start with j. Images of jam, jelly, juice, jester, jellyfish, jester.

Connect the j's. Color them orange. j k l j j k l j k l j j k l j j l

An answer key to help teachers and homeschooling families quickly grade the science worksheets for kids is included. The activities that help kids to learn Preschool Shapes are helping them to recognize the shapes and name them, next allow them to compare the shapes, introduce them to simple and important math words and provide them tracing and coloring shapes worksheets for practice.
